

AUTOMATIC SEWING SYSTEMS

AUTOMATIC HEAT TRANSFER MACHINE TO APPLY
NON-SLIP TAPE ON TEXTILE PRODUCTS

WM-01

AUTOMATIC SEWING SYSTEMS

WM-01

Automatic heat transfer machine to apply non-slip tape on textile products. From our cooperation with Faitplast, manufacturer of revolutionary non slip tape "With Me", comes the machine Santoni WM-01 to heat transfer the tape on no-shows, footlets and knee-highs. The ease of use ensures high productivity and flexibility needed to apply the tape, with different shapes, on different areas of textile products.

AUTOMATIC SEWING SYSTEMS

WM-01

Specification	Value
Air pressure	6 bar
Air consumption	0,1 m3/h
Absorbed power	1,5 Kw
